PCB/HO/Circular-01/03/2017

Date: 06 .07.2017

### CIRCULAR

Sub: Disposal of pending consent renewal applications of House boats- reg

Ref: 1. Minutes of the meeting on 24.09.2016 convened by the Chairman.

2. Minutes of the meeting on 22.06.2017 in the chamber of Chairman.

The house boats are required to make sewage discharges to the Common Effluent Treatment Plant (CETP) of District Tourism Promotion Council from their bio-tanks and the number of discharges to CETP is 3 nos/year (based on ref.1). The house boat owners are required to make 9 discharges to CETP and to submit 9 receipts also during the consent period (one term). But it has come to the notice of the Board that many house boats do not comply with the said direction and a number of consent renewal applications are kept pending.

Based on the minutes of the meeting referred (2) above, in order to dispose the pending consent renewal applications, one time condonation can be permitted and consent shall be renewed after collecting fine which amounts to two times the fee for each pending discharges to CETP, from the non complying house boat owners.
