PCB/HO/EE1/E-waste Rules/306/2016

Dated 26.07.17

To

All major e-good Producers (inside & outside State)

Notice

The e-good Producers are responsible under Extended Producers Responsibility clause of the e-waste Management Rules, 2016 to implement an action plan for collection and channelisation of e-waste generated from the end of life of their products in line with the targets specified in the Schedule III of the Rules. The e-goods Producers are mandated to obtain Extended Producers Responsibility Authorisation from the Central Pollution Control Board(CPCB) by submitting such an action plan. They are also required to provide details of address, toll-free telephone numbers, helpline numbers and to create awareness through media and other means, on disposal of e-waste. It is understood that your e-goods are sold in Kerala market. The Kerala State Pollution Control Board and the State Government have to ensure that the Producers have put in place mechanisms for handling and channelization of e-waste in the State so that e-waste does not pose a problem in future. Hence you are requested to furnish the action plan devised by your organization and duly approved by CPCB for channelization / routing of e-waste generated with respect to your products sold through the markets in Kerala and copy of authorization from CPCB. Please treat this as most urgent.

CHAIRMAN
